## 2. BASIS OF PREPARATION (Continued)

The financial information relating to the year ended 31 December 2020 that is included in this unaudited condensed consolidated interim financial statements of 2021 as comparative information does not constitute the Company's statutory annual consolidated financial statements for that year but is derived from those financial statements. ### (a) Going Concern Assumption

As at 30 June 2021, current liabilities of the Group exceeded current assets by approximately RMB94.1 billion (31 December 2020: approximately RMB113.4 billion). Considering the current economic conditions and taking into account of the Group's expected capital expenditures in the foreseeable future, management has comprehensively considered the Group's available sources of funds as follows:

- The Group's continuous net cash inflow from operating activities;
- Approximately RMB247.6 billion of revolving banking facilities of which approximately RMB235.4 billion was unutilised as at 30 June 2021; and
- Other available sources of financing from domestic banks and other financial institutions in view of the Group's good credit history.

In addition, the Group believes that it has the ability to raise funds from the short, medium and long-term perspectives and maintain reasonable financing costs through appropriate financing portfolio.

Based on the above considerations, the Board of Directors is of the opinion that the Group has sufficient funds to meet its working capital commitments, expected capital expenditure and debt obligations. As a result, the unaudited condensed consolidated interim financial statements of the Group for the six months ended 30 June 2021 have been prepared on a going concern basis.

Accordingly, the Group has only one operating segment and therefore, no segment information is presented.

The Group primarily operates in Mainland China and accordingly, no geographic information is presented. No single customer accounted for 10 percent or more of the Group’s revenue in all periods presented.

## 12. TAXATION (Continued)

- (i) According to the PRC enterprise income tax law and its relevant regulations, entities that are qualified as High and New Technology Enterprise under the tax law are entitled to a preferential income tax rate of 15% (for the six months ended 30 June 2020: 15%). Certain subsidiaries of the Group obtained the approval of High and New Technology Enterprise and were entitled to a preferential income tax rate of 15% (for the six months ended 30 June 2020: 15%), and certain research and development costs of the Group's PRC subsidiaries are qualified for 75% (for the six months ended 30 June 2020: 75%) additional deduction for tax purpose.
- (ii) Adjustment to investment in associates represents the tax effect on share of net profit of associates, net of reversal of deferred tax assets on unrealised profit from transactions with China Tower Corporation Limited ("Tower Company").

The tax losses can be carried forward for five years from the year incurred and hence will be expired by the year of 2026.

As at 30 June 2021, the Group did not recognise deferred tax assets of RMB2,380 million (31 December 2020: RMB2,448 million) in respect of changes in fair value on financial assets measured at FVOCI (non-recycling), since it is not probable that the related tax benefit will be realised.

The Covid-19 pandemic since early 2020 has brought about additional uncertainties in the operations and financial position of the Group's customers. ## 24. DIVIDENDS (Continued)

Pursuant to the PRC enterprise income tax law, a 10% withholding income tax is levied on dividends declared on or after 1 January 2008 by foreign investment enterprises to their foreign enterprise shareholders unless the enterprise investor is deemed as a PRC Tax Resident Enterprise (“TRE”). On 11 November 2010, the Company obtained an approval from State Administration of Taxation of the PRC, pursuant to which the Company qualifies as a PRC TRE from 1 January 2008. Therefore, as at 30 June 2021 and 31 December 2020, the Company’s subsidiaries in the PRC did not accrue for withholding tax on dividends distributed to the Company and there has been no deferred tax liability accrued in the Group’s unaudited condensed consolidated financial statements for the undistributed profits of the Company’s subsidiaries in the PRC.

For the Company’s non-PRC TRE shareholders (including HKSCC Nominees Limited), the Company would distribute dividends after deducting the amount of enterprise income tax payable by these non-PRC TRE shareholders thereon and reclassify the related dividend payable to withholding tax payable upon the declaration of such dividends. The requirement to withhold tax does not apply to the Company’s shareholders appearing as individuals in its share register.

The Restricted Shares are subject to various lock-up periods (the “Lock-Up Period”) of approximately 2 years, 3 years and 4 years, respectively, immediately from the Grant Dates. During the Lock-Up Period, these shares are not transferrable, nor subject to any guarantee or indemnity. ## 34. FAIR VALUE ESTIMATION (Continued)

### (a) Financial assets measured at fair value (Continued)

The fair value of financial instruments traded in active markets is based on quoted market prices at the end of the reporting period. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1 and comprise primarily equity securities of Telefónica, debt securities issued by banks which are classified as financial assets measured at FVOCI and certain equity investments, investments in monetary funds that are classified as financial assets measured at FVPL.

During the six months ended 30 June 2021 and 2020, there was no transfer between Level 1 and Level 2, or transfer into or out of Level 3. The Group's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

### (b) Fair value of financial instruments carried at other than fair value

Except as detailed in the following table, the carrying amounts of the Group's financial instruments carried at amortised cost are not materially different from their fair values as at 30 June 2021 and 31 December 2020 due to the nature or short maturity of those instruments.

	Carrying	Fair value as	Fair value measurements as at			Carrying	Fair value
	amounts as	at 30 June	30 June 2021 categorised into			amounts as at	as at
	at 30 June	at 30 June	Level 1	Level 2	Level 3	31 December	31 December

Non-current portion of long-term bank loans	1,996	2,060	—	2,060	—	2,482	2,552
Non-current portion of promissory notes	998	1,019	1,019	—	—	998	1,005
Non-current portion of corporate bonds	—	—	—	—	—	1,999	2,050

The fair value of the non-current portion of long-term bank loans is based on the expected cash flows of principal and interests payment discounted at market rates ranging from 0.57% to 4.35% (31 December 2020: 0.57% to 4.35%) per annum. The fair value of promissory notes are based on the quoted price in the interbank trading market.

## INTRODUCTION

We have reviewed the condensed consolidated interim financial statements of China Unicom (Hong Kong) Limited (the “Company”) and its subsidiaries (collectively referred to as the “Group”) set out on pages 12 to 44, which comprise the unaudited condensed consolidated statement of financial position as of 30 June 2021 and the related unaudited condensed consolidated statement of income, statement of comprehensive income, statement of changes in equity and statement of cash flows for the six-month period then ended, and certain explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof, and to be in compliance with either International Accounting Standard 34 “Interim Financial Reporting” (“IAS 34”) issued by the International Accounting Standards Board or Hong Kong Accounting Standard 34 “Interim Financial Reporting” (“HKAS 34”) issued by the Hong Kong Institute of Certified Public Accountants, depending on whether the issuer’s annual financial statements are prepared in accordance with International Financial Reporting Standards (“IFRSs”) or Hong Kong Financial Reporting Standards (“HKFRSs”) respectively. As the annual financial statements of the Group are prepared in accordance with both IFRSs and HKFRSs, the directors of the Company are responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with both IAS 34 and HKAS 34. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review, and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

## SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”, issued by the Hong Kong Institute of Certified Public Accountants. A review of these condensed consolidated interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with IAS 34 and HKAS 34.
